

CONCRETE

COLLECTION

Since 1977 Lankatiles has been renowned locally as well as globally for the unique designs that amalgamate the best material, technology, creativity, and industrial expertise.

We are a premier provider of wall and floor tiles that are available in a variety of hues, textures and sizes. We believe in quality that goes hand in hand with authenticity and the utilization of right resources for a superior outcome. Our production facilities use green technology to ensure that the beautiful natural environment of Sri Lanka is preserved in the process of catering to one of the largest local and global industries with the finest products.

Fine Living Redefined

POWERED BY  **LANKATILES**

LANKATILES wall tiles and floor tiles are major contenders in the highly competitive international arena since 1978.

Our designs, materials and technology blend perfectly with exciting aesthetics and we deliver a total package to satisfy the requirements of designers, architects and homeowners.

We manufacture a wide range of tiles in a variety of colours, textures and sizes including special trim tiles for the walls and decorated tiles. We made a long journey through creativity and maintaining a high standard of quality in our products and services.

Sri Lanka is a beautiful and diverse country that has an abundance of raw materials for the production of our tiles. We are committed to the wellbeing of the environment and preserving its beauty and have many policies in place to help us be on the cutting edge of green tile production.
